Did you know?

- We're happy that you're here and look forward to creating the perfect experience for you. If you have any questions, please do not hesitate to ask!
- We opened in 2017 and are a one-of-a-kind concept.
- The name "Neef Rob" translates to Cousin Rob and stands for "gezellig" which is a Dutch word meaning cosiness and the feeling of good family times at home.
- The very building in which you sit was built in 1795. The long red brick wall is original and you can still see where two original windows were.
- We sell 16 flavours of very high quality handmade chocolates.
- Our selection of teas includes over 50 types from familiar teas like Earl Grey to the more exotic like white tea with lavender and the Japanese Sencha with prickly pear cactus fruit. Our Zomer Zotheid tea creates the PERFECT iced tea!
- We've worked closely with two coffee roasteries to develop the coffees we sell. Selected, blended and roasted especially for us. The coffees are shipped whole bean to guarantee freshness, but don't worry, we can grind them here to ensure the correct grind for use at home in your own coffee machine.
- Almost anything is possible here. Do you have an idea or a plan, than let us know... we'd love to think along with you.
- Aside from the café we also work with businesses to provide coffee for professional use.
- We send our coffee to Belgijn, France and Germany.
- On weekdays we close at 18:00 and in the weekend at 17:00.
